HYATT REGENCY TRINIDAD DEBUTS A FRESH NEW LOOK

The Port of Spain hotel displays a modern style after completing its four-phase renovation

PORT OF SPAIN, Trinidad – December 4, 2017 – [Hyatt Regency Trinidad](#), located in Port of Spain International Waterfront Development, has completed an extensive upgrade that helps solidify its position as a leading business and leisure hotel in the Caribbean. The hotel now has 423 rooms with 15 suites including the Presidential and Diplomat Suites. The Hyatt Regency brand experience is designed around one objective: to connect today’s travelers to who and what matters most to them. Therefore, guest rooms, event spaces, dining venues, main lobby, Spa Esencia and all community gathering places were enhanced to meet the continually changing needs of today’s traveler.

Hyatt Regency Trinidad features a welcoming atmosphere, from the moment guests walk in to the multi-functional reception and lobby area. The design stays true to the Hyatt Regency brand’s idea of fostering connections and collaboration by featuring a color scheme that generates an inviting and friendly energy that reflects the warmth of the people of Trinidad. In addition, local artists were commissioned to provide key art pieces throughout the hotel such as the paintings that are currently displayed in the Lobby Lounge and the Presidential and Diplomat Suites.

Placing an emphasis on Hyatt’s mission of caring for people so they can be their best, the focus of Hyatt Regency Trinidad’s renovations was on its guest rooms, where guests spend the majority of their time. Introducing a light and airy design, the reenergized guest rooms now feature white oak wood flooring, modern vanities and light fixtures, 65” televisions, sleek credenzas, and sofa beds. Space was used strategically to include useful work spaces and multifunctional areas around the room for relaxing or getting ready. The new design also allows for more natural light to shine through each room in a vibrant way.

“We consistently work to make updates and additions to our hotel in an effort to ensure that guests are experiencing our passion for quality, innovation, service and the creation of a caring environment for our customers, associates and the community we serve,” said General Manager Russell George. “This renovation was a necessary step to launch the hotel into its next decade of service.”

The social areas where guests gather and connect such as the Regency Club, Waterfront Restaurant, Lobby Lounge, and Cinnamon Café now provide a cozy environment with updated modern and contemporary furniture where guests feel comfortable and at ease. The 43,000 square feet of flexible event space was also given a total refresh with new furniture and a warm, cohesive color scheme throughout. Spa Esencia was given noteworthy upgrades such as the addition of a relaxation room where guests can enjoy light refreshments while taking in the gulf view as they relax in between or after treatments. Like the rest of the hotel, the spa area was thoughtfully enhanced with a color scheme of

medium and light neutral tone colors and the addition of medium-tone walnut wood floors to create a refreshing and calming environment for guests.
